- AWS : Starting Your Career with AWS Cloud Specialization ,Containerized Applications on AWS
- TOEIC Certificate score 670
- TCF B2 Level

# MAJDI MOKHTAR

FULL STACK JAVASCRIPT DEVELOPER

PERSONAL SUMMARY

I am a certified Full stack JavaScript developer with a knowledge of front-end techniques. I love structure and order and I also stand for quality. I love spending time on coding and fixing little details . Also I like to discover new things and solve problems and work in a team. As the saying goes: "two heads are better than one".

WORK EXPERIENCE

Full-Stack Developer:

Teratosoft | October 2024 - Present

- Develop scalable web applications using Vue.js/Nuxt.js frontend and Nest.js backend
- Implement Domain-Driven Design and Clean Architecture with TypeScript for maintainable solutions
- Practice Test-Driven Development with Jest/Supertest achieving high test coverage
- Utilize Nx Monorepo, Prisma ORM, Docker, and Ory Kratos for efficient development workflows
  - Tech stack: Vue.js, Nuxt.js, Nest.js, TypeScript, Prisma, PostgreSQL, Docker, Jest, Nx Monorepo

Open Source Developer and Freelancer:

Github (<https://github.com/majdimokhtar>) | November 2021 - Present

- Designed and developed a variety of applications, including a chat app using Laravel, a team management project, a house marketplace app, a movie app with React and Redux, an email client with Angular, and a Blog OpenAI App with Next.js, along with other innovative projects.

Full-Stack Developer:

Caustaza Group LTD | January 2023 - Mai 2023

- Developed recruitment dashboard with Django MVT architecture and PostgreSQL database
- Integrated recruitment APIs and implemented geolocation functionality
- Built responsive user interface using Next.js and Material-UI components
- Performed system maintenance, debugging, and performance optimization
  - Tech stack: Django, PostgreSQL, Next.js, MUI

Project Manager:

KL promotion (Real estate) | January 2019 - February 2021

- Followed up on various subdivision projects
- Coordinated with different dealers
- Conducted marketing efforts

Internship:

Architecture office (Mourad Lahzemi) | January 2018- December 2018

- Managed a construction project (13 housing units)
- Managed a subdivision site

PROJECTS

RentX: Property Rental Web Application:  
(<https://rentx-majdi-app.vercel.app>)

- Developed a full-stack property rental web application featuring:
- Secure authentication, CRUD operations with image uploads, real-time messaging
  - Automated booking management with email confirmations and invoicing
  - Interactive maps, advanced search, and admin dashboard with Stripe integration
    - Tech stack : Next.js, MongoDB, Tailwind CSS, MapLibre, Stripe, GitHub Actions, SendGrid, Mailchimp

Accounts Microservice Project:

(<https://github.com/majdimokhtar/devops-capstone-project>)

- Designed and implemented a Customer Accounts microservice project, applying Agile principles, Test-Driven Development (TDD), and secure coding practices. Leveraged GitHub, Zenhub, and GitHub Actions for project management, automated testing, and quality checks. Employed Docker, Kubernetes, and OpenShift for efficient deployment. Engaged in peer reviews to ensure project quality and collaboration.
  - Tech stack : Agile methodology , GitHub, Zenhub, GitHub Actions , Flask , TDD , Docker, Kubernetes, OpenShift , Tekton pipelines

MERN E-COMMERCE APP:

(<https://ecommerce-majdimokhtar.onrender.com>)

- Developed a MERN stack eCommerce application featuring:
- Product reviews system, admin dashboard for managing products/orders/users
- Shopping cart with PayPal integration, JWT authentication, and email functionality
- Product carousel, search capabilities, and pagination features
  - Tech stack : React, Redux, Express, MongoDB , Node.js , PayPal , Render

EDUCATIONAL HISTORY

ESAT UNIVERSITY Tunis:

National Diploma in Aeronautical Engineering | September 2010- August 2013

- Graduation project at Tunisair Express:  
Study and improvement of a reliability program

Private University of Aeronautics and Technologies TUNIS:

Preparatory cycle | September 2009- June 2010

- Mathematics-Physics : Second year

ISSAT GABES:

Preparatory cycle | September 2006- June 2007

- Physics-Chemistry : First year

Boulbaba High School GABES:

Bachelor's degree of science | September 2002- June 2006
